Newsletter of SRIHER (DU)

FROM THE EDITOR'S DESK

December, the final chapter of the year, arrives with a quiet elegance - a season of reflection, celebration, and preparation for new beginnings. At Sri Ramachandra Institute of Higher Education and Research, the month unfolded as a symphony of academic vigor, community engagement, and milestones achieved, each note resonating with our shared commitment to excellence.

The Dept. of Paediatrics illuminated the month with the prestigious Dr. MGR Endowment Oration followed by Smt. Poovaiammal Endowment Oration by the Sri Ramachandra Faculty of Management Sciences.

The Dept. of Clinical Nutrition, in collaboration with the Indian Institute of Nutritional Sciences, hosted the International Clinical Nutrition Update (ICNU). The 3rd Annual Ramachandra Advanced Perfusion Conference cum Workshop (RAPCON 2024) brought experts together to share advancements in perfusion technology, fostering a vibrant exchange of ideas and innovations.

In observance of National Pollution Prevention Day, the Rural Health and Training Centre, along with the Departments of Community Medicine and Community Health Nursing, orchestrated impactful awareness campaigns. A standout initiative took place at *Samutayakoodum*, *Amudurmedu* village, where efforts focused on educating communities about pollution prevention and control measures, nurturing a spirit of environmental responsibility.

Rounding off the month's events, the National Newborn Week Celebrations 2024, co-organised by the Depts. of Neonatology and Paediatric Nursing, highlighted the theme 'Optimising Antimicrobial Use to Prevent Antimicrobial Resistance in Newborns.' This initiative shed light on the importance of judicious medical practices to protect our most vulnerable. The Faculty Development Programme, organised by SRET in association with MathWorks-IN empowered our faculty with cutting-edge skills in MATLAB.

As the year draws to a close, we embrace the spirit of December - a time to honor our achievements and anticipate the opportunities that lie ahead. Here's to a 2025 filled with innovation, compassion, and a steadfast commitment to making a difference.

Dr. V. Deepa Parvathi

Life story:

From tiny steps to giant leaps,
A journey woven, through joy and sleep.
Memories etched, like lines on a face,
A story unfolding, with every embrace.

From laughter's echo, to tears' refrain,
A tale of triumph, and love's sweet gain.
Through trials and tribulations' fire,
A spirit tempered, like a heart's desire.

With every breath, a chapter turns,
A narrative rich, with lessons learned.
A life story written, with every choice,
A testament to the human voice.

Ms. M. Anu keerthana
IV yr. TCM

செயற்கை நுண்ணறிவு

மனித மூளையின் ஒரு தொழில்நுட்பம்
சிலிக்கான் அறையில் விழிக்கிறது
செயற்கை நுண்ணறிவு உலகை ஆண்டிடும்
இதன் வழிகாட்டியும் நாமே; சோதனையும் நாமே
உனக்கு சிற்பி நான்
உன்னால் நானே செதுக்கப்படுகிறேன்
உன் வழிகாட்டி நான் என நினைக்க
என்னை நீ வழிகாட்டுகிறாய்
என் திசைக்காட்டி நீ !
இதன் நூலும் நானே, தறியும் நானே
உன் வடிவை வரையறுத்த நான்
உன் ஆற்றலின் எல்லையை அறிகிலேன்
உயிர் உள்ள செயற்கை மனம்
அது ஒரு முரன்
வடிவமைப்பின் சிறையில் சிக்கிய AI
வளர்ச்சியின் கைதி; மனிதனின் படைப்பு;
உயிருக்கு ஒத்த உன்னத படைப்பை
செயற்கை என சாடுவது சரியோ?
உருவாக்கப்பட்ட நீ உலகெங்கும் பேசப்பட்டாய்
உருவாக்கிய நான் எங்கே?

Ms. Sowmya R.
Research Scholar, Dept of Clinical Nutrition
